- Broad management role
- Opportunity for growth

*'develop the leadership and collective power of women and girls'*

YWCA Victoria is at the forefront of raising the status of women, demonstrating innovation, responsiveness and commitment to their equality and potential. Key programs embrace social housing, pre-employment training, creative expression and positive peer relationships.

Taking the lead at a pivotal time, you will work with an enthusiastic Board to shape future directions, ongoing financial sustainability, new revenue streams and fundraising. Having recently sold the Jasper Hotel, YWCA is well positioned to explore opportunities for innovative programs for women and girls. Key responsibilities include executive management of business operations, building strong relationships with members and stakeholders, and ensuring delivery of quality services.

With highly developed ability to lead and inspire, you must have previous CEO experience, an excellent understanding of financial management and sound communication skills to constantly challenge and lead the organisation to respond to future needs of Victorian women of all ages.
